THE OLAFACTORY PYRAMID...

...We are proposing to give a visual image of the composition of a fragrance :

Example with a lavender fragrance

TOP NOTE

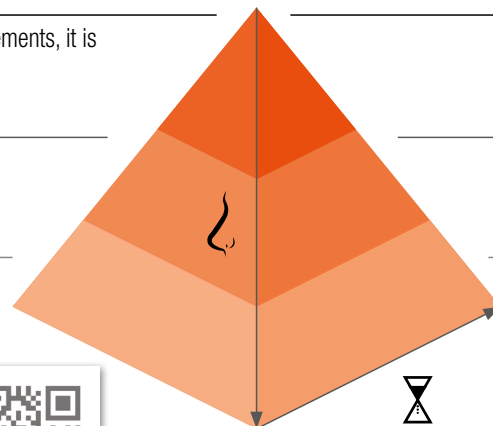

It is the fragrance which occurs first. Generally made from fresh and intense elements, it is the most ephemeral note.

HEART NOTE

When the top note fades it is replaced by the heart note, making it last longer.

BOTTOM NOTE

The most persistent fragrance will define the fragrances personality.

TOP NOTE

Orange, pine

HEART NOTE

Lavender, eucalyptus

BOTTOM NOTE

Cedar, musk
