AIROMA[®]
Automatic fragrance dispenser

What is Airoma®?

Airoma® is an automatic fragrance dispenser that is designed to ensure facilities smell fresh and clean whenever a fragrance is required.

Airoma® automatically delivers small bursts of fragrance at specific intervals in order to keep odours at bay.

Through its sleek, compact and aesthetically pleasing design, the highly effective Airoma® dispenser is designed to work in a variety of locations with the minimum amount of disruption to the surrounding environment.

How does the unit work?

The Airoma® dispenser provides flexible and easy to use programming options, and can be set to match your exact location conditions.

The patented I.P.E.™ facility enables programmable fragrance intensity, by allowing users to program up to 3 periods per day of enhanced fragrance delivery to suit location requirements.

This I.P.E.™ feature means higher fragrance levels can also be selected at known busy periods and costs can be fixed.

A countdown clock indicates time period until the next spray giving a health and safety warning whilst confirming the operation of unit.

In addition, the Airoma® dispenser is effective in facilities that are up to 200m³ in size with 3,000 metered sprays per fragrance refill, for a refill life of up to 30 days.

Features and Benefits:

Airoma® Feature	Benefit in use
Fully programmable dispenser	Choice of number of refills per year; 8, 12, 16, 24 hour operation; Choice of start time; Choice of days of operations (5, 6 or 7)
Visible countdown clock	Shows time until next spray, confirms operation of unit and provides a health and safety warning to the user
Patented automatic reset button	Automatically resets microchip back to 3,000 sprays which enables uninterrupted dispensing of the refill and removes the risk of human error between services
Audio alarm feature	Indicates when refill needs replacing
Lockable dispenser	Keeps refill safe and secure, reducing risk of theft and misuse
Unique private labelling facility	Allows you to label the dispenser with your logo
Top hinged dispenser	Servicing and refill replacement is quick and easy
Rental button available (30/45/60 days)	Enables speedy programming for service companies to meet their service pattern
2 colour options	Part of a co-ordinated washroom range

“Freshness through fragrance and technology”

Airoma® fragrance refills

Airoma® fragrances are modern and offer style and impact options to match all preferences. All Airoma® fragrances are complex, long lasting and offer unique fragrances for a variety of locations.

The 270ml Airoma® refills are suitable for use in the Airoma® dispenser and most other competing standard aerosol dispensers.

Features & Benefits:

- Choice of 8 standard fragrances available
- 2 piece actuator on aerosol ensures optimum fragrance dispersal
- Fully compliant with European aerosol legislation
- Refills will fit other sized aerosol dispensers

Fragrance Descriptions

- COOL** Think male aftershave fragranced with sandalwood and leather with a touch of citrus.
- MYSTIQUE** A perfume of rich spices and woody notes, powerful yet feminine.
- BABYFACE** A powdery, fresh fragrance which evokes bouncing babies and peachy skins.
- CITRUS TINGLE** A bright burst of citrus fruits.
- MANGO** A fruity, refreshing mango fragrance.
- HERBAL FERN** A rich, purifying scent of eucalyptus- think tea tree mixed with potpourri.
- EXOTIC GARDEN** An intense taste of exotic flowers and herbs.
- FLORAL SILK** A flowery array of carnations and roses, with a hint of musk.
- ZERO** A very light, pleasant lemongrass based odour neutralizer designed to bring freshness to a variety of locations
